

I am Reignmore Njenda

Web designer | Pen Tester | Marketer | Content Writer | Developer

About me

I am outgoing, dedicated, and open-minded. I get across to people and adjust to changes with ease. I believe that a person should work on developing their professional skills and learning new things all the time. Currently, I am looking for new career opportunities my current job position cannot provide.

I am a tireless seeker of knowledge, occasional purveyor of wisdom and also, coincidentally, a developer, writer, marketer, and so much more.
